MWCN: Utah's Deal Network

MountainWest Capital Network is a non-profit organization dedicated to fostering deal flow, capital development, and business growth in Utah. Since 1983, MountainWest Capital Network, has brought together entrepreneurs, investors, and professional service providers interested in the establishment, funding, and operation of successful business ventures.

Programs, Events & Services

Deal Flow Report & Luncheon: MountainWest Capital Network is the publisher of the Deal Flow Report, Utah's only comprehensive compilation of all financial transactions that occurred within the state during the calendar year. This report, combining MWCN research and online Deal Flow data from various sources, summarizes key deal flow data involving public offerings, venture financing, private funding, and mergers and acquisitions that take place each year in the state of Utah. Its purpose is twofold: first, to recognize and highlight the great growing Utah companies who have successfully raised capital; and second, to promote and attract further investment in Utah businesses.

Entrepreneur of the Year Award: For more than 20 years, the MountainWest Capital Network has recognized a Utah business executive who has built a successful Utah-based company and assisted others in participating in the risks and rewards of entrepreneurship.

Monthly Business Forums: Members and their guests meet each month, generally on the third Thursday, at various locations in the Salt Lake Valley. Business Forums feature business presentations, reports on deal flow activity, and unique networking opportunities.

MWCN Blog: Check out the MWCN blog for the latest information and profiles on Utah 100 companies, sponsors, Deal Flow companies, and Entrepreneur of the Year recipients.

Utah 100 Awards: Each year since 1995, the MountainWest Capital Network has honored Utah's top 100 fastest growing companies, the top 15 revenue growth companies, and a select group of "Emerging Elite" businesses in Utah. Winners are chosen purely by formula from an impressive group of high-growth applicants.

MountainWest Capital Network's trustees, officers, and committee members volunteer their time and expertise to help further MWCN's mission. Trustees and officers are elected for a two-year term by the MountainWest Capital Network Executive Committee.

MWCN Membership Information

MountainWest Capital Network membership is available to all entrepreneurs, service providers, capital sources, and others interested in business growth and development. Annual memberships are available for only \$25, which allows members to attend MWCN events at a discounted rate.

2020 MWCN Utah 100 Program

The Utah 100 Program was first conceived by the MountainWest Capital Network (formerly the MountainWest Venture Group) twenty six years ago as Utah's only business growth recognition program. This premier award program identifies and recognizes Utah's 100 fastest growing companies, the top 15 revenue growth companies, and (since 2001) a select group of "Emerging Elite" companies each year.

John M. Knab, a MountainWest Capital Network director and founder of the Utah 100 Program, has stated: "The companies on the Utah 100 show the entrepreneurial spirit that is alive and thriving in our business communities. The Utah 100 illustrates that people can succeed in any industry in Utah if they are prepared to follow their vision, assemble the right resources, and make the sacrifices that are required to achieve economic success."

The 100 fastest growing companies in Utah are selected from thousands of eligible applicants solicited throughout the State. They represent a broad cross-section from almost all industries in Utah, including information technology, biomedical and bio-technical, healthcare, retail, construction and financial services.

To be eligible for consideration in the Utah 100 fastest growing company category, a company must meet the following criteria:

- Be Utah-based;
- Be a U.S. organization;
- Have reported a minimum of \$100,000 in revenue in the base year (2015); and
- Have five years of operating history.

In the first year of the Utah 100 Program (1995), MountainWest Capital Network compared 1990 revenues against revenues for the year ending

1994. A simple percentage was calculated to reflect the growth rate during that period. Companies selected for the inaugural Utah 100 ranged in growth from approximately 200% to a phenomenal 18,000%. Subsequent years' results have shown similar impressive results.

In addition to the 100 fastest growing companies, 15 businesses are recognized each year for their actual revenue growth (measured in dollars rather than percentage growth). These companies represented over a billion dollars in revenue growth during the inaugural period in 1995.

In 2001, a new category called "Emerging Elite" was added to the Utah 100 program. Recognition began that year for "Emerging Elite" businesses with great prospects for future growth and success, but which did not otherwise qualify for consideration in the Utah 100 fastest growing company category. We continue this year with the tradition of recognizing a select number of "Emerging Elite" companies.

There is no cost to apply for the Utah 100. Information on the Utah 100 Event and/or other MountainWest Capital Network programs can be obtained by calling (801) 966-1430 or by visiting our web site at www.mwcn.org.

In the compilation and ranking of the Utah 100, MountainWest Capital Network relies solely on information provided by the companies that apply, without independent inquiry, verification or audit of that information. Accordingly, MountainWest Capital Network expressly disclaims any responsibility for omission of companies that did not provide information as well as for the accuracy or completeness of the rankings for those companies that did apply. Ranking this year was based on revenue growth from 2015 – 2019.

Behind every number
is a story.

FOR A BANK THAT REALLY UNDERSTANDS BUSINESS
Zions Bank is for you.

If banking were all about numbers, Zions Bank would be just another bank. But to us, banking is obviously much more than that. Because behind every single number is a real business owner who was able to keep their doors open thanks to their recent Paycheck Protection Program Loan. And for The King's English Bookshop, it's been one heck of a story. We believe that offering this level of attention doesn't just make good financial sense — but it's a smarter way for us to help our clients make better business decisions. The numbers don't lie. And the real truth is, we're ready to keep doing it. Like we've done in the past. And how we will in the future.

We're thankful to businesses and others that are a daily inspiration to us.
